NUMBER 41

TRUMAN INAUGURAL HELD THURSDAY

CITY FIRE LOSSES ARE HEAVY

**\$103,685 THREE YEAR
TOTAL LOSSES HERE**

Insured fire losses in Cameron for the past three years total \$103,685.15 it is disclosed by John Eanes, Fire Marshal in a complete report just issued.

Mr. Eanes discloses that in 1946 fire insurance companies paid losses in Cameron totaling \$10,157.56 and that by 1948 the losses had reached almost 7 times that of 1946. In 1947 the insurance companies paid \$24,716.93 and in 1948 they paid \$68,810.66.

These figures do not include all fire losses. They cover only insured fire losses. It would seem that while the 3 year total is higher than most people suspect losses were still about average with other communities or better.

Mr. Eanes lists the losses paid for each month of the year. It is shown that in May 1948 the loss was \$48,395.88 and occasioned largely by the destruction of the Milam Theatre and the Palace of Sweets, since rebuilt.

The second high was in February of 1948 when the losses paid totaled \$11,449.94. In March of 1947 the loss total was \$9,522.23 and in December 1946 the loss total was \$7,385.80. In October of 1947 the loss was \$7,109.16.

Three months in 1946 went by without a loss. They were January, April and May while in 1947 only one month, June, failed to register losses. In 1948 there were 3 months without losses. They were April, September and November.

New Recruits Report To Guard Unit Here; Battalion Is Booming

Enlistments are being made in Battery C, 239th Field Artillery Battalion at an increasing rate, Captain Rudolph Michalka reported when releasing names of new members of the unit.

Most recent to enlist, he said, was Earl R. Humbird, employee of a local grocery and market. Humbird is a veteran, having served for 33 months with the 43rd Division as a machine gunner.

Also enlisting during the same week were Clarence A. Hanel, William C. Mitcham and Stanley D. Fikes. Hanel is a former Guardsman who re-enlisted after his term of service expired a short time ago. Mitcham and Fikes are students at local schools.

Capt. Michalka also stated that he was receiving an increasing number of inquiries, indicating a growing interest in the battery here.

OFFICERS REPORT FOUR HIGHWAY ACCIDENTS

Icy roads brought a high accident toll to the Cameron area Monday and officers reported that four wrecks had occurred as a result of weather. Sheriff Carl C. Black was very helpful in listing these accidents Tuesday morning.

One wreck occurred on Elm Creek Bridge and involved two occupants of a Chevrolet automobile. J. P. Hill suffered a severe head wound. William Edwards was driving the car and the machine skidded out of control.

Hill was treated in a local hospital. Other occupant of the car was Edgar Strube of Caldwell who suffered the loss of a portion of a finger on the right hand.

According to officers W. E. Jolley, a grocery salesman driving a 1940 Dodge was on his way to Waco. As he drove on the bridge the Edwards car was having trouble. Jolley stopped but the Chevrolet, out of control was bouncing around on the bridge and into the railing and crashed into the car of Mr. Jolly who was not injured. Both cars were smashed up.

Two Hearne residents whose names were not available narrowly escaped death at Milano. A man and his wife

Rockdale State Bank Renames Officers For The New Year

Officers and directors of the Rockdale State Bank were all renamed at the annual meeting of stockholders Tuesday.

The annual report showed the bank to be in a very strong condition and the usual dividend was declared.

Officers are: E. A. Camp, chairman of the board and vice president; T. B. Ryan, president; John T. Hale, cashier; Harold Luckey, assistant cashier; Directors: E. A. Camp, W. E. Gaither, M. M. Camp, Dr. T. S. Barkley, and T. B. Ryan.

The condensed statement of the bank at the close of the year 1948 showed very little difference in the statement made at the close of the year 1947, with resources and deposits only slightly less. Total resources at this time were \$3,150,202.72 as compared with \$3,236,258.72 a year ago. Total deposits at the end of 1948 were \$2,931,375.54 as compared with \$3,035,096.48 at the end of 1947.

Loans had climbed a little to \$890,474.76 as compared with \$781,665.80 a year ago. An interesting comparison reflecting the growth both of the Rockdale State Bank and the town and community is found in the 1948 year-end condensed statement, and the statement of the three banks in Rockdale 29 years ago at the close of business Dec. 31, 1918.

There were three banks in Rockdale twenty years ago, the Rockdale State Bank, First National Bank and Citizens State Bank. The total resources of the three banks was only \$995,380.58 as compared with total resources of \$3,150,202.72 at the Rockdale State Bank today. Deposits in the three banks at that time totaled only \$777,450.23 as compared with \$2,931,375.54 today in the one bank.—Rockdale Reporter.

GEORGE SHEPPARD DIED IN AUSTIN HOSPITAL

George H. Sheppard, Comptroller of Public Accounts, oldest Texas State Official, died late Tuesday night in an Austin Hospital.

Mr. Sheppard had been ill and under treatment for several weeks but his condition did not become serious until about three days ago when his physician at St. Edwards Hospital said he was "quite ill."

Few friends in Cameron knew of Mr. Sheppard's death since he passed away after most of the newspaper deadlines Wednesday morning.

Always popular in Milam county, Mr. Sheppard, although opposed repeatedly was never defeated and never lost Milam county. He was 73 years old.

Mr. Sheppard held the longest term record of any elected state official in Texas History. He was first elected Comptroller in 1930 and had been elected last November for another two years.

CAMERON HAD LOW OF 31 DEGREES WEDNESDAY

Cameron had a low temperature of 31 degrees Wednesday morning and much colder weather may reach this area by Thursday.

Texas was in the grip of a new cold air mass but winds were missing from the weather picture. Skies cleared here Tuesday morning and a hard freeze followed at night.

A new cold front moved into Texas Tuesday night. It touched first in the Panhandle. Well before midnight it had moved past Amarillo with a slight spitting of snow.

But high winds which had been expected failed to materialize. An Amarillo report said it had "fairly well fizzled out."

"The character of the front was changed completely," the Dallas

(turn to page six)

DIRECTORS NAMED AT THE CITIZENS NATIONAL

Stockholders at Citizens National Bank elected the following directors: Niley Smith, Rush Thomas, Frank Monroe, W. O. Newton, Hilliard S. Thomas, and Oxsheer Smith.

The new board of directors elected officers to serve the bank for the ensuing year as follows: Oxsheer Smith, President, Frank Monroe, Vice President, Niley Smith, Vice President, W. O. Newton, Active Vice President, Alvin Nolte, Assistant Vice President, Hilliard S. Thomas, Assistant Vice President, Ladis Marek, Cashier, John H. Davis, Assistant Cashier, and Mrs. Pauline Wiggs, Assistant Cashier.

The president in his report to the stockholders meeting stated that the bank had enjoyed one of the best years in its history, had paid its dividends, and as usual had given all of the officers and employees of the bank a year end bonus of one month's salary, a custom the bank has pursued for more than thirty years.

The election of Mrs. Pauline Wiggs as Assistant Cashier is in recognition of more than thirteen years service and her outstanding ability in many departments of the bank and especially her meritorious services as note teller. This is the first time a woman has been advanced to be an active officer in a bank in Cameron, and "Miss Pauline", as she is familiarly known, is to be congratulated on this recognition.

"Miss Pauline", was elected Assistant Cashier in absentia, and will resume her duties with the bank about March 1st.

Louisiana Cattle Thieves Are Caught; Jim Perkins Aids

The current problem of stopping cattle thieves in various parts of Texas, has the Ranger force and local officers, on the alert and in this section has produced results.

Jim Perkins, Special Ranger for the Texas Cattle Raisers Association, stationed in Calvert, has just participated in a successful round up of cattle thieves and recovered 10 head of cattle.

Mr. Perkins, an old border Ranger in the days when things were tough, a tall figure riding the Rio Grande, now employs much faster methods.

On Tuesday, January 11 H. E. Jones of Buffalo in Leon County reported the loss of 11 head of cattle. Mr. Perkins, Buck Echols, Special Ranger and Sheriff Ben Lee of Leon County, got on the trail of the thieves and Saturday at 6 p. m. two Louisiana men were in custody of officers at Baton Rouge, La. All save one of the cows were recovered. The men are Gerald Smith, 28 and a brother, Norbert Smith, 20, have confessed. The men are facing 8 charges in Louisiana and two in Texas. It is now a federal offense to transport stolen cattle across a state line. Sheriff Lee is high in his praise of Perkins and Echols for their work.

The thieves tolled the cattle into a pen and then loaded them on a truck and sped into Louisiana.

Mr. Perkins also recently took part in the recovery of stolen cattle from the A. L. Pete Stuart and R. W. Pack farm near Beaumont. These cattle were sold in New Orleans.

Mr. and Mrs. Harry H. Timmerman of Rockdale are the proud parents of a son, Harry Thomas born at St. Edwards Hospital, January 16, 1949. The baby weighed eight pounds. Mrs. Timmerman is the former, Miss Mary Simmons.

Mr. and Mrs. K. D. Fuller and sons, Delmar, Byron and Kenney of Houston visited in the home of Mr. and Mrs. W. C. Rinn and N. D. Fuller home over the week end.

Dick Depew of Dallas spent the past week end in Cameron. He is attending Southern Photo Arts Institute in Dallas.

COST WILL BE HEAVY IF SALARIES VOTED

Consequences of Constitutional Amendments were never more realistic than that facing counties over Texas for they must pay salaries to Constables if they wish to maintain Precinct law enforcement on the old basis.

Under the terms of an amendment adopted last fall Constables must not receive fees. They must be paid salaries. The amendment was designed to stop abuses in larger counties but will affect most counties like Milam as well.

The Commissioners Court is now struggling with the problem. If the court sets the salaries of constables at \$100 per month it will cost \$9,000.00 a year for there are 8 constables. In some of the precincts, especially in Cameron and Rockdale Constables may earn more than \$100 per month provided they are active.

In some precincts the earnings are less than \$25 per year under the fee system. Any sort of salary would be a boon to the Constable in the less populous parts of the county.

The court made no decision Thursday and held the matter over for consideration. Justices of The Peace are not affected.

Some counties have talked of re-grouping the Precincts and reduce the number of Constables. Some have fixed the salary at \$1.00 a year which would in effect abolish the office.

PARADE SATURDAY TO FEATURE MARCH DIMES

An impressive display of support for the March of Dimes campaign here will take the form of an interesting parade here Saturday it was announced by L. W. Smith, finance director.

Featured in the parade will be equipment of the National Guard Unit under Capt. Rudolph Michalka, the high school band under Frances Cox and a number of horsemen.

Mr. Smith said that a special float will carry Tandy Wilkerson, victim of Polio who has a leg in cast from a recent accident. He survived Polio and will be in the parade on a stretcher.

Another float will carry Little Miss Kay Camp, representing Linda Brown of San Antonio the 1949 March of Dimes Poster Girl who has just visited President Truman at the White House in Washington.

School Children will be asked to take part in the parade and this cavalcade of March of Dimes support will get under way at 3 p. m. Saturday, January 22.

One unit of the fire fighters in the city will also be in the parade. Scouts will be in the crowd with containers soliciting funds for the Polio Fund.

Negro children will take part also. They will pass containers among colored citizens for their contribution to the March of Dimes.

Mr. Smith says that co-operation is being offered from many sources and the campaign will seek an all time record contribution to secure the county against another epidemic of polio when funds would be needed for hospitalization.

Roger Maddox, manager of the J. C. Penney Store in Cameron is permanent county chairman.

NEW 1949 CHEVROLET TO BE HERE SATURDAY

Gramein Chevrolet Company will show the 1949 Chevrolet here Saturday, January 22.

Mr. Grabein recently attended a dealer meeting in Fort Worth and saw the new car. He came back high in his praise of the new 1949 Chevrolet and takes pleasure in announcing the first showing here a Saturday.

Two series of cars, the Fleetline and Styleline, are included with De Luxe treatment an option in most body types. De Luxe cars lay increased emphasis on the styling of

(turn to page seven)

PRODUCTION CREDIT ASSOCIATION GROWS

Lesser Newton, manager of the Cameron office of the Bryan Production Credit Association, has released an interesting history of progress of the association, as follows:

Dec. 20, 1933, 27 farmers and cattlemen met in the Courthouse at Bryan to organize a production credit association to serve the counties of Brazos, Burleson, Grimes, Madison, Milam and Robertson. Times were hard, credit difficult to obtain, and farmers were seeking a dependable source of credit which would serve their needs at reasonable rates of interest, although credit—credit they could depend upon—was uppermost in their minds.

Farmers had little money in those days, and the 27 charter members of the Bryan Production Credit Association subscribed for a total amount of \$135.00 (one hundred and thirty-five dollars) capital stock in the association.

Realizing that every credit institution that expects to be permanent must be adequately capitalized, the United States government through the Production Credit Corporation of Houston subscribed for \$90,000.00 capital stock at that time, and later this amount was increased to \$175,000.00. This capital investment was not intended as a gift, and the plan was for the association to repay the government when the members could adequately capitalize the association themselves.

This goal has been kept in mind through the years, and now the Bryan Production Credit Association is glad to announce that the last dollar of government capital was repaid on Dec. 31, 1948, and that now the association is entirely owned by its 928 members with a capital structure of \$215,095.00.

The association does not now, and has never loaned government funds, but obtains funds with which to make loans by rediscounting its members' notes with the Federal Intermediate Credit Bank of Houston, which in turn obtains its funds in the investment markets of the country.

Growth in Member Ownership			
	Member Capital	& Reserves	Govt. Cap.
1935	\$ 23,675.00		\$135,000.00
1938	54,573.00		175,000.00
1941	88,588.00		175,000.00
1945	138,885.00		110,000.00
1948	215,095.00		None

WEATHER DRIVES ALL ACTIVITIES INSIDE

Governor Beauford Jester was inaugurated at noon Tuesday to succeed himself in the office for another two years.

The Governor stuck close to his previously known positions on public matters in his formal address. With the legislature in session little time will be lost by the governor in making his recommendations.

Weather conditions drove inaugural activities inside. What was to have been the largest parade in the history of inaugural ceremonies was called off. Thousands who wanted to attend the ceremonies remained at home.

Governor Jester took the oath of office in the House of Representatives shortly after Lieutenant Governor Alan Shivers was qualified and delivered his address.

Plans to hold the inaugural in the open air from the steps of the capital had to be abandoned on account of weather.

Five inaugural balls were to be held Tuesday night with Governor and Mrs. Jester attending all. The citizens of Austin were holding a reception for the governor in mid-afternoon. To-night the Governor and Mrs. Jester will hold a reception at the Governor's mansion.

The first cabinet change was announced when it was said that Secretary of State Paul Brown will retire.

Charles Kornegay of Big Lake spent a few days in Cameron with his parents, Mr. and Mrs. R. A. Kornegay this week. He is employed with an oil field in Big Lake.

MILLION TO SEE THE TRUMAN INAUGURAL

WASHINGTON, Jan. 16—Harry S. Truman, the people's choice, will come into his own next Thursday.

The flags are out and the stage is set for his inauguration as President for a full four-year term.

The weather forecast a gray and cold inaugural to-morrow for President Truman. Despite the cold it would be the most widely attended inaugural in the history of the country.

Up to 1,000,000 persons are expected to acclaim the one-time Missouri farmer as he rides up Pennsylvania Avenue after taking the oath at the capitol at noon (EST).

Millions more will take in the show by radio and television—the first presidential inauguration ever to be televised.

For Mr. Truman it will be his day of greatest triumph. And inaugural committee officials freely predict this biggest one-man show in the nation will be the greatest of all time. No effort has been spared to make it so.

Although Mr. Truman has been president since April 12, 1945, taking office on the death of Franklin D. Roosevelt, this is the beginning of a strictly Truman term. Mr. Truman won it himself last November in a smashing political upset. Many thought then he would be packing his bags for a return to Missouri this week instead of donning formal dress for his inauguration.

Inauguration officials estimate from 750,000 to 1,000,000 will jam Constitution and Pennsylvania Avenues—a route of about a mile and a half—to watch the parade.

Mr. Truman has agreed to ride in the parade. No president has done that in modern times. Vice president elect Alben W. Barkley of Kentucky will ride with him.

Forty thousand persons will follow them—and flocks of planes will zoom constantly overhead.

Board of trade officials figure around 500,000 out-of-towners will converge on Washington this week. They say 250,000 are expected for one night or more with another 250,000 coming in Thursday only for the big climax.

U. S. ADMITS UNITED NATIONS IS CRIPPLED

The United States gave notice today that countries remaining neutral in the cold war will get no American arms or defense supplies.

Michael McDermott, State Department press officer, told about this new policy shortly after the department charged that Russian "obstruction" has "seriously hampered" activities of the United Nations.

McDermott told a news conference the American Government does not have enough arms to supply nations which are unwilling to associate themselves in collective defense arrangements with the United States.

Government officials said McDermott's remarks were intended to "correct" Swedish press reports claiming that Sweden could get American military help even if she refused to enter into the North Atlantic Defense Alliance now being actively planned.

Meanwhile, the State Department struck out anew at Russia in a statement accusing Moscow of "gravely endangering the peace" with the blockade of Berlin.

The department's view was made public in a foreign policy outline distributed at a human rights meeting of 250 private groups and Government agencies.

"Instead of the great power of teamwork sought by the people of the world, the abstraction of one country and its willing or unwilling associates has seriously hampered the activities of the United Nations.

Mr. and Mrs. W. H. Ezzell and Mr. and Mrs. H. E. Garlich of Buckholts spent Tuesday of the past week in Cameron on business.

Mr. and Mrs. A. C. Jackson of College Station visited in the home of Mrs. Oscar Pattillo over the week end.

DR. COULTER FUNERAL HELD IN BRYAN FRIDAY

BRYAN, Jan. 14 — Funeral services for Dr. Hiram T. Coulter of Rockdale, who died Thursday at a Temple hospital, will be held in Bryan, today, at 4:30 p. m. at the Bryan City Cemetery, where interment will be made in the family lot.

Dr. Coulter became ill, Jan. 6 while at his office.

He was born in Bryan, the eldest son of Mr. and Mrs. John W. Coulter, pioneer citizen of this community. He received his degree from A. and M. College in 1895, where as a distinguished student he was cadet colonel, captain of the Ross Volunteers, and a member of A. and M.'s first football eleven.

He entered Bellevue Hospital as a medical student in New York City, where he received his degree in medicine. He began practice as a physician and surgeon in Rockdale in 1900, where for 48 years he continued to practice, interrupted only by his service in World War I.

He was married to Miss Edna Branch, daughter of Mr. and Mrs. W. O. Branch of Rockdale, Nov. 11, 1901.

Dr. Coulter was a member of the First Methodist Church of Rockdale and served on its board of Stewards; was a member of the Masonic Lodge, and active in civic affairs, and served as the first president of the Rockdale Chamber of Commerce.

Funeral services in Bryan will be conducted by Rev. P. T. Ramsey of Bryan, assisted by Rev. T. Miller Smith of Rockdale.

Survivors include his widow, Mrs. Edna Branch Coulter and one daughter.

ter, Mrs. Ted B. Ryan of Rockdale; one brother, Walter J. Coulter, one sister, Mrs. Dona Coulter Carnes, and one nephew, Coulter Hoppess, all of Bryan.

4 Hurt On Way To Camp Hood For Army Physical Examination

Four negroes were injured here at 9 a. m. Friday when their car turned over near Skeeze on the Buckholts highway, it was reported by officers here.

Cordell Isaacs, student at Prairie View Normal College, suffered a leg injury and shock and along with three other residents of Prairie View were treated at St. Edwards Hospital.

The car was overturned and plunged into a ditch as the driver sought to negotiate a turn in the road.

All were released and proceeded to Camp Hood for their physical examinations for possible army service.

J. B. Young and family of Oklahoma spent this week visiting in the home of Mr. and Mrs. Bob Clements and other relatives in Cameron. They left Wednesday for their home in Oklahoma. He is employed with the Swift Packing Co., in Clinton.

Jim Horelica and Mrs. Hall of Sandy Creek spent Sunday in the home of Mrs. Hall's aunt in Temple.

Friends will regret to learn of the illness of R. H. McIntosh of Cameron.

Gaylon McCoy of Rockdale transacted business in Cameron one day this week.

Salvage Crews Comb Berlin For Treasures

BERLIN.—They call themselves the "Kings of the Ruins."

Their is a perilous profession. Its dangers run from collapsing walls to bites from overgrown and ferocious rats.

They are the men—and boys—who make a profession of digging in Berlin's thousands of bomb-ruined buildings for such treasures as scrap metal, plumbing and heating fixtures, furniture and wood.

This "treasure under the rubble" is a much greater lure now than the old boyhood business of picking up scrap metal for sale to junkmen for a few pennies. In Germany's battered cities, it's more dangerous, too.

Perilous Work.

The greatest peril to the salvage gangs is the collapse of walls. Hardly a day passes in Berlin but someone is killed or injured in such an accident. Another ever present danger is the explosion of old bombs or other munitions in the ruins.

The salvagers have a system which requires that every working crew always must post a sentry to keep an eye on the weak walls.

"We also post a sentry to keep an eye on the rats," one salvager said. "We run across some pretty big ones in the ruins, large and savage ones."

Smells of the Dead.

"But no sentry could do anything about the terrible smells. They are the smells of the unburied dead of the bombing war, or dead animals and of stagnant pools."

These probes of the ruins need no maps to find the treasures they seek.

"All one needs to know," said the foreman of one crew, "is the ordinary architecture of an apartment building. What we are after especially for salvage is the plumbing pipes and fixtures. Metal eaves-troughs also fetch valuable returns."

R. G. Grabein Sees New Chevrolet In Fort Worth Showing

R. G. Grabein, Chevrolet dealer, has just returned from Fort Worth where some 1500 dealers saw the new 1949 Chevrolet car.

Dealers were tendered a dinner by General Motors and the new Chevrolet was shown for the first time in Texas.

Mr. Grabein came back high in his estimate of the new car which will be shown in Cameron on Saturday, January 22.

Mr. and Mrs. Dwight Moody of Cameron are parents of a seven pound four ounce daughter born at Newton Memorial Hospital, January 12, 1949. The baby has been named, Nancy Louise. The mother was formerly Mary Tom Stedham. The Moody's also have two sons.

MILANO NEWS

Miss Alice Brennan died at a Brenham Hospital this week after a short illness. Miss Brennan was taken to the hospital two days previous to her death. She had been a patient in Scott and White Hospital for treatment the past two weeks. Miss Brennan was born and reared in Milano and has many friends there. She is survived by one brother, Larry Brennan of Somerville and two sisters, Mrs. G. W. Manley of Minerva and Miss Kate Brennan of Milano. The funeral was held at the Brennan home with a large crowd present. Phillips and Lucky had charge of the funeral arrangements. Miss Brennan will be missed by her many friends in Milano.

Mrs. Johnnie Elsenburg and baby of Rockdale are visiting in the home of her grandparents, Mr. and Mrs. W. E. Thomas.

Lewis Newman of Milano underwent an operation at the Santa Fe Hospital in Temple this week. He is reported to be improving nicely.

Jim Baggett is a patient in McCloskey Hospital in Temple and will be able to return to his home this week.

Miss Kate Brennan is seriously ill in a Brenham Hospital.

Mrs. Arthur Moore and son, Howell and Mrs. Powell of Lufkin were guests in the home of Mrs. Dan Robinson the past Saturday on their way to Temple.

Mrs. Ida Howes is visiting her daughter Mrs. Edwards in Bryan this week.

Mrs. George has returned to her home in Palestine after a visit in Milano with her friends, Mr. and Mrs. Lee Braun.

Mr. and Mrs. Ase McGregor have returned home from San Antonio where they attended the reburial of their son, Clifford McGregor who was killed in service. Survivors are his parents, a brother, Cecil McGregor of Dallas, three sisters, Mrs. Carl McKnight of Caldwell, Mrs. Thelma Kirk of Rockdale and Mrs. Fred Brannan of Houston.

SON TO THE GRAVES

Mrs. George T. Graves, Sr. has returned from San Antonio where she visited in the home of her son, George Thomas Graves Jr., and welcomed her first grandson George Thomas, III who was born January 15, 1949, and weighed 7 pounds and 6 ounces.

Mr. and Mrs. R. E. Holloway of Houston and Marlin have moved to Cameron to make their home. They have many friends in Cameron who will welcome their return.

Friends of Mrs. Sally Cook will regret to learn she is ill and a patient in St. Edwards Hospital. She is the mother of Mrs. Ann Henriksen of Cameron.

CAMERON ENJOYS DAY OF SUNSHINE TUESDAY

(From the Daily)

Incredible Texas weather promised more cold by late Tuesday.

Early Tuesday morning weather stations forecast a new cold wave entering the state from the west and snow was falling as far east as Fort Worth.

Like the norther that struck Sunday the new wave was ahead of schedule and at 10 a. m. Tuesday was felt in Waco.

Livestock warnings were being broadcast. Central Texas and the Cameron area may be affected by the new wave. Temperatures here Monday night were high with only 28 being registered.

At daybreak Tuesday it was 31 degrees here and by mid-morning ice had melted away and the skies were clear and the sun shining brightly.

It was incredible that by Wednesday morning freezing temperatures would prevail here but you have it right from the bureau. If the new wave is no more severe in Cameron than the Sunday spell, there won't be much to it.

At least three Texans had perished on the highways Monday night as snow and freezing rain made driving perilous.

The victims included Sheriff Vernon Reeves of Lavaca county; Otha Alton Bateman, former grand master of the Independent Order of Odd Fellows in Texas, and Mrs. Marion Howell, 23, of Camp Hood Village.

Meanwhile temperatures fell and a drizzling rain covered a great area of the state and iced over highways.

In Austin, Maj. W. J. Elliott, head of the state highway patrol, warned motorists to stay off roads except in cases of emergency.

And the weather bureau said another cold wave is on the way to Texas. It is due to invade the state Wednesday.

The state highway patrol said U. S. Highway 81 from north of Georgetown into Bell county was solid ice. State Highway 20 from Manor to Elgin likewise was solid ice, the patrol stated.

There were icy spots on U. S. Highway 79 from Austin to Taylor and on State Highway 95 north of Taylor.

A raging snowstorm swept eastward from El Paso late Monday and the weather bureau warned that it

might penetrate deep into west Texas by early Tuesday.

More than four inches had fallen at El Paso. A trace was reported as far eastward as Big Spring. Guadalupe Pass, Midland, Lubbock, Wink and Marfa were under a white mantle.

Freezing temperatures were reported as far south as San Antonio, where a freezing drizzle fell Monday afternoon.

The federal forecaster in Kansas City said an intense storm is developing in Saskatchewan province, Canada, and is expected to move rapidly southward Monday night and Tuesday along the eastern slope of the Rockies.

A huge mass of arctic air will follow in the storm's wake, the forecaster said. Blizzard conditions were predicted for South Dakota Monday night.

Mr. and Mrs. Emil Kamenicky of Buckholts are parents of a eight pound four ounce daughter born at St. Edwards Hospital, January 11, 1949. The baby has been named Patricia Ann.

Mrs. Dan Legacy is among those on the sick list suffering from a severe cold.

Scout Troop No. 54 Leads March of Dimes Collection Here

Members of Scout Troop No. 54, newly organized unit here, led the way Saturday in the collection of money for the March of Dimes campaign here.

L. W. Smith, finance director for the campaign reported that these scouts had turned in \$67.94 from their collections on last Saturday.

Other collections reported from the containers placed in business houses totaled \$33.00 and a grand total of \$100.94 had been deposited to the Polio Fund account from the initial canvas on Saturday.

Officials of the March of Dimes Fund were praising the work of the Scouts of Troop 54 for their fine work.

The Troop is led by L. W. Smith and J. R. Poole.

Emil Roesler of Burlington was in Cameron one day this week.

SOME RAIN DUE OVER WEEK END IN TEXAS

(From the Daily)

Weather forecasts early Saturday said that colder weather would occur in Texas by late Sunday.

The most welcome weather news was the prospect for rain which may occur in east Texas and in portions of west Texas. It was cold in El Paso Saturday. Elsewhere over the state it was warm. Dallas had 70 degree temperature. The high Sunday may be in the fifties.

If the weather map bring what is indicated there will be no severe weather. Winds were out of the south about 18 miles per hour and moisture was in the air.

The week end in the Cameron area is due to be warm and cloudy. Sunshine may come Sunday preceding a change in the temperature. The cold wave was not due until late Sunday or Monday.

Here's how YOU can win the Gold Bars of an Army Officer

TWO NEW WAYS TO JOIN THE RANKS OF AMERICA'S YOUNG LEADERS

DIRECT COMMISSION

A commission as second lieutenant in the Officers' Reserve Corps with a 2-year initial tour of active duty is ready for you if you meet these requirements: one year of honorable service in any of the Armed Forces between 7 December 1941 and 30 June 1947; have completed two years at an accredited college or university; U. S. citizenship; AGCT score of

110 or better; not more than 32 years old; physically fit. Once commissioned, you'll be assigned to a 3-month officers' training school, and, on successful completion, you'll be free to compete for a Regular Army Commission if you meet the competitive tour age requirements: Go to your nearest U. S. Army and U. S. Air Force Recruiting Station for complete details at once.

OCS FOR HIGH SCHOOL GRADUATES

If you've graduated from high school or can pass an equivalent examination, are between 19 and 28 years old, are a U. S. citizen, and have necessary physical qualifications, apply now for enlistment for Army OCS. After your application is approved, you'll be enlisted as a Sergeant and given basic training if you have not had it already, then sent direct to Officer Candidate School, subject to

quotas, of course. Upon graduation, you'll be commissioned a Second Lieutenant in the Reserve, and placed on two years of active duty. Top OCS graduates are commissioned in the Regular Army—all others may compete for a Regular Army Commission. Get all the facts about applying for OCS entrance at your nearest U. S. Army and U. S. Air Force Recruiting Station without delay!

NEW ACTIVE-DUTY OPPORTUNITIES FOR OFFICERS
See Reserve or National Guard Instructor, or local recruiting station.

CHAMBER OF COMMERCE ROOMS
118 East First Street
Cameron, Texas

average
price of meters
rises from \$9.16 to \$16.68
yet natural gas service for homes is
less than prewar price!

Meters are but one example. Labor to install them, in fact, virtually everything else behind your Lone Star Natural Gas Service has risen sharply in price.

Despite rapidly rising operating costs, rates for homes reduced in 1942 continue in effect today. So far... Lone Star has held the line while other prices soar.

With Lone Star Gas at less than prewar price, the average home still enjoys carefree winter heating, piping hot water, silent automatic refrigeration and automatic cooking for a year-round average of less than 15 cents a day.

Where else will so little buy so much?

LONE STAR GAS COMPANY
A TEXAS CORPORATION

WHO AM I? Mrs. Leo Eaves of 3600 Rural keeps asking herself. Adopted when she was 3 days old—she was told—she suspects her parents may have lived in Cameron. She hopes some day to find them, or maybe to find brothers or sisters. Mrs. Eaves' son, Donald, is shown here with her.

“Who Am I,” Asks Houston Mother Who Does Not Know Her Real Name; May Have Been Born In Cameron; Recalls Having Lived Here

A Houston mother, Mrs. Leo Eaves, may have been born in Cameron and may have old friends or relatives here through her foster parents who once lived here.

By special arrangement with the Houston Chronicle the story is being printed in this issue of The Daily Herald, together with a photo of Mrs. Eaves and her son. She was told her name was Ophelia Williams. The story does not give the names of her foster parents but residents here may be helpful to Mrs. Eaves in establishing her identity. Here is the Chronicle story:

One doubt has nagged persistently at the mind of Mrs. Leo Eaves of 3600 Rural for many years.

There is no proof of her adoption, some 30 years ago; no birth certificate to give her a definite starting point in life.

Because her foster family led a nomad existence for the first 15 years she can remember, she is not sure just where she was born or what her real name is.

She has been trying unsuccessfully for 13 years to establish her real identity.

“Why, I’m afraid I may not even be legally married,” she said in a hushed voice, “because the name on my marriage certificate may not be the right one.

“Every time I go out on the street, I think: ‘Any person I meet could be my brother or my sister,’” Mrs. Eaves said. “It’s an eerie feeling.”

Mrs. Eaves considers November 6, 1918, as her birthday.

“But I don’t know if it really is my birthday,” she frowned. “That’s the trouble—I don’t really know anything about myself.”

Her foster parents told her they

adopted her three days after she was born in a hospital in Nashville, Tenn.; that her name was Ophelia Williams.

She was much loved, Mrs. Eaves recalls, for the foster parents had lost seven children of their own, all at birth or soon afterward.

The foster parents told her that her mother had died when she was born and that her father was a soldier in World War I, Mrs. Eaves said.

Her foster father worked alternately as a farmer and a boilermaker, jumping from New Mexico to Arkansas to Louisiana and Tennessee. Born in Texas, he finally came back to Cameron with his family when Ophelia was 15 years old, she remembers, to see his aging parents.

Ophelia fell in love there, and just when she was about to get married, the first cloud arose. For she had no birth certificate to prove her age, or the simple fact of her name.

A check of the Nashville hospital failed to reveal any record of her birth or of her foster parents’ presence there. They were unable to give her any further help, Mrs. Eaves says, that she could check.

From various remembrances of her foster relatives, Mrs. Eaves thinks that the most likely places of her birth are Cameron, Bowie, Galveston, Texas City, Fort Worth, and, most of all, Houston.

Her foster parents have since separated and each has remarried. Mrs. Eaves said. They have not been able to give her any further help toward establishing her true identity.

A picture of her foster mother holding a baby about four months old was taken in Cameron. The baby

bears a remarkable resemblance of Mrs. Eaves’ own son, in the shape of its head, its eyes, ears and lips, and Mrs. Eaves believes the baby in the picture is herself.

She now has four children of her own.

“It’s an awful feeling to be a nobody,” said Mrs. Eaves. “If I met my real parents,” she confessed embarrassedly, “I wouldn’t know how to act.

It would make me feel very good,” particularly to meet some sisters and brothers.

“Everyone wants to have and to know her own family, you know.”

Know Your Vegetables

Cabbage, tomatoes and green peppers rate high in vitamin C (ascorbic acid) among fresh summer vegetables. Fortunately for the housewife who buys vegetables at the market, these three vegetables hold their vitamin C well, even at room temperature when most other vegetables lose it rapidly. Recently the Ohio experiment station made vitamin C tests of 14 common fresh vegetables after keeping them 48 hours in air at room temperature—that is, as they are kept on display counters in the ordinary grocery store. They found that cabbage held 94 per cent of its original vitamin C; tomatoes 88 per cent, and green peppers 85 per cent. All other vegetables lost a much larger percentage of their vitamin C.

Watchmaking Center

Delemont, like other settlements of the French Jura section of Switzerland, specializes in watchmaking. In these mountains, the lonely winter evenings led to the early development of home crafts. Many of the modern industries for which Switzerland is noted are based on the old skills and the natural resources available in the water-power, timber and dairy products of the Jura region. Besides fine clocks and watches, the Jura people contribute to world markets a variety of specialties, from cheese, chocolate and wine to fine metal work and delicate wood carving. The town of Delemont, which is the center of the French separatist movement, lies near the border of France in northwest Switzerland.

Famous Indian Wheel

The famous and mysterious Indian Medicine Wheel known as “Sun Ti Pi” now may be seen from the new highway between Lowell and Sheridan, Wyo. It is located upon the highest portion of Medicine mountain. From its elevation of over 12,000 feet, it may be seen for nearly 60 miles. It was mentioned by the first westward Mormon caravan, and the Lewis and Clark expedition reported it as an oddity of nature. It is a giant stone wheel with 28 distinct spokes, evenly spaced, and measures 75 feet in diameter. Its origin is unknown, but it is thought to have been laid down by the aborigines and used in some form of worship.

To Rebuild Capital

Agana, capital of Guam, is being rebuilt as a model community to hold half of Guam’s 23,000 people. Prewar Agana had a governor’s palace built in Spanish days, a cathedral, an electric power plant and homes of coral limestone and wood planking. There were banks, movies, restaurants, drugstores, a dime store—in fact, everything to be found in a United States town of similar size. Ever since Guam was ceded by Spain to the United States in 1898, the naval station commandant has been the island’s governor. The naval government, interrupted in December, 1941, was formally restored in 1946.

CEILING OFF OLD AGE PENSIONS PROPOSED

There were those of us who did not agree that a ceiling of 35 million on Old Age Pensions was the right thing. The people voted for it under a false understanding. Now it must be taken off.

Milam County defeated it because the people understood it better.

Wednesday a proposed amendment was passed by the Senate to remove the ceiling.

Bills enough to wipe out the healthy hundred-million-dollar surplus the State has been two years in the building poured into the 51st Senate today.

It took Senators little more than one hour—total time—to stack 50 proposed laws and two proposed Constitutional amendments onto the secretary’s desk in the second day of the new session.

The proposed changes in the Constitution would:

1. Blow the \$35,000,000 lid off the State’s welfare program to permit State payment equal to national contributions for needy aged, blind and dependent children.

2. Abolish requirement of a poll tax for voting.

Kenneth Gandy of Buckholts is ill and in Newton Memorial Hospital for treatment.

Alice Marie Nelson of Cameron is ill and in St. Edwards Hospital for treatment.

DROUTH BROKEN AND WATER IS PLENTIFUL

Drouth breaking rains fell over a wide area of central Texas Saturday night and brought in a new blizzard that sent the temperature down to 28 degrees in Cameron and as low as 15 degrees in the upper Panhandle.

Cameron had a rainfall of 3.34 inches it was disclosed by L. W. Smith, local government observer. This rain came on top of .29 inches registered here in the latter part of the week and brought the total to 3.63 within the past three days.

For the first time in a year ranges were plentifully supplied with tank water and stockmen were jubilant. Farming was looking up and a good season will insure planting of corn in late February and March.

The rainfall was heavier south and east of Cameron and in the northeast portion of the county the fall was around 3 and a half inches.

West the rain was good in the county but was lighter in the Temple area.

Except for heavy downpours in

the early evening of Saturday the rain fell slowly and the lands received the maximum of benefits. On the whole no rain in recent history has fallen when so badly needed.

More, rain, much more will be necessary to insure profitable farming operations but for the present large scale farm work can get under way.

The prospects for the next 24 hours were for more rain, or sleet or snow. It will be very cold, the season low being expected here Tuesday morning.

Mr. and Mrs. Kennard Hughes of Houston spent the past week end with Mr. and Mrs. M. A. Baggerly of Cameron.

POLIO FUND DRIVE IS DISCUSSED WEDNESDAY

L. W. Smith, director of the March of Dimes polio campaign for Milam county, reviewed the history of the foundation Wednesday as guest speaker at the Rotary Club.

Mr. Smith gave an exhaustive account of the work of the foundation and outlined the need here and over the nation for increased funds to combat the increase of infantile paralysis.

Dr. Clifford Swift took part on the program and gave Rotarians and their guests an insight into the details of treatment. He said that while very little is yet known about the causes of Infantile Paralysis, doctors and clinics have been very successful in treatments.

Roger Maddox is permanent chairman for the Foundation in Milam County.

Capt. and Mrs. R. W. Stevens and little daughter, Jeanne, recently returned from his post in China and his mother, Mrs. Frank Thomas of Waco were guests in the homes of Mrs. Lottie Bigbee, Mr. and Mrs. W. D. Bigbee and Mr. and Mrs. Earl Burke recently. Capt. Stevens is a nephew of Mrs. Bigbee and Mrs. Burke. After a months stay with his mother, Capt. Stevens will be stationed at Oleander, Florida.

Mr. and Mrs. Henry Horelica and son visited in the home of his uncle Pete and Frank Horelica Sunday.

Ford Dealers Here Install New Wheel Alignment Machine

Something new has been added to tire care in Cameron service to car owners.

It is the new Bear wheel alignment machine at Hefley-Stedman Motor Company.

Harry L. Davis, manager of the Service Department at the Ford company here, has just announced the installation of the new machine. This service is an added protection to car owners because of the resulting savings on tires when wheels are in proper line.

Not only has Mr. Davis installed this wheel alignment machine he has trained two of his service department to operate this machine. They are Clifford Marburger and Tom Lane especially trained under a factory representative who spent several days here.

SOLONS PUZZLED OVER JESTER PROPOSAL

Texas has had some wacky tax proposals in recent years but it remained for Governor Jester to throw the Legislature into a quandary over what he means by a Head Tax.

In delivering his message Wednesday he said he would submit a proposal for a citizens or head tax. It is a sort of a token payment to the government for the privilege of being a Texan.

No doubt this tax is to replace the Poll Tax, if the latter is repealed on constitutional amendment. Under the present laws the Poll Tax is counted as revenue but does not supply anything like a reasonable proportion of the revenues needed.

Governor W. Lee O'Daniel once proposed a transaction tax.

The Legislature was not expected to look with favor on a 'head tax.' Citizens generally do not want to pay a Poll Tax.

Mrs. Louis Tepera and son Frank of Corpus Christi spent this week visiting in the home of her son and wife, Mr. and Mrs. Julius Tepera. She also visited in the John Mraz, Sr. home in Cameron.

Most of us find that it is a much easier job to talk ourselves into trouble than out of it.

BRITISH CABINET BACKS STAND AGAINST JEWS

So critical had become the British course in Palestine that the United States had made representations and the State Department was quoted as saying this country is taking a serious view of troop concentrations.

Wednesday Secretary Bevin was backed up by the British Cabinet and it appeared that there would be a show down in Palestine over bad relations between Israel and England over the shooting down of five British planes.

The British protested. The Jews ignored and blasted the British before the UN. The British sent warships to the coast and troops to the Trans-Jordan. The Jews said the British planes were over Jewish territory. A British airman said the same. The British cabinet reiterated its stand and reasserted the claim their planes were over Egyptian territory.

The Jews, the Arabs, the British, the Americans, the Russians, the Chinese, the Dutch and just about every nation has ignored the UN Security Council. The world organization has failed. There will be war when powers want it.

In the meantime the Germans are rising again and will soon be on their way to a complete military power.

Mrs. L. E. Killen has received word that her brother, R. B. Wright who resides in Artesia, New Mexico is seriously ill. Mrs. Killen plans to visit in his home as soon as the weather permits.

Johnnie Andres is visiting his father who is ill at his home in Munday.

WE DON'T EXPERIMENT with your radio—WE repair it—you pay less for our service. Any make radio. PARMA RADIO SERVICE.

12 lb. Cannon Ball Brought To Herald By A. H. Patzke Of Jones Prairie

A 12 pound cannon ball, evidently of early origin, is on display at the Herald plant, brought in by A. H. Patzke of Jones Prairie.

Mr. Patzke does not know how old the ball is but did recall that it had been in his family for many years.

Inside is a cavity and may have been fused since there is an inner substance of considerable weight.

The Herald also has a grape shot picked up on the battlefield at Monterrey, Mexico where the forces of General Zachary Taylor fought the Mexicans over 100 years ago.

Salary For Constables Under Amendment; Court Facing Facts

A salary for constables in Milam county was under consideration here Thursday by the Commissioners Court.

An amendment to the constitution last year took Constables off the fee system. They must be paid a salary.

What the Milam County Court will do was not known but the matter was under consideration. The law is now mandatory so far as the fee system goes. The amount of the salary is optional with the court.

YOUNG BOYS BEING QUESTIONED HERE

Two robberies were reported here early Friday by Sheriff Carl C. Black who was questioning several young boys.

The sheriff said that the Longmire grocery on West 11th Street and the John Hrozek Bar and Cafe in Santa Fe Town were entered sometime during the early morning hours or near midnight. A small amount of cash was taken from the Longmire grocery and a 22 rifle was taken from the Hrozek Bar.

Sheriff Black was actively investigating all possible angles to the cases but could give no definite information Friday morning.

The names of the boys under investigation were withheld pending further developments.

From where I sit ... by Joe Marsh

Who's A Foreigner?

While I'm waiting for a haircut the other day, Slim Hartman lets slip with a crack about those "foreigners" who live by the depot.

"Now wait a minute, Slim," snaps Doc Sherman. "Don't forget we're all 'foreigners' more or less. Some of our families have simply been here longer than others. But even if they came over on the Mayflower, they were foreigners to the Indians."

Slim gets a little red and you could see that Doc had him. "And the reason they came here," he goes

on, "was to find freedom to do and think as they wanted to so long as they didn't tramp on the rights of the other fellow."

From where I sit, America became the great land it is today through our being tolerant of different people and different tastes—whether it's a taste for square dancing or waltzing, radio or movies, goat's milk or a temperate glass of sparkling beer.

Joe Marsh

DON'T SAY FLOOR PAINT—SAY

Flor-Ceal

DOES MORE COST LESS!

per quart \$1.95
Only \$6.75 per gallon.

FOR ALL FLOORS (Inside or Out)

Flor-Ceal is the ideal floor covering for any surface—wood, concrete, linoleum. Inside or out. No extra preparation is necessary except for newly-laid concrete. Just clean the floor and apply Flor-Ceal. Dirt, oil and grease will not stain. It's easy to clean, too. When used over old paint, Flor-Ceal covers like magic.

LOW COST

It costs only about 1c per square foot to surface floors with Flor-Ceal. Buy Flor-Ceal in four gay colors, black, white and clear (transparent). Use colors for concrete and exterior wood floors. Clear (transparent) Flor-Ceal brings out all the beauty of wood floors and linoleum. Eliminates the need for shellac, varnish and wax. Guaranteed not to chip, crack or peel. Goes on easily. Dries overnight. Used by thousands for porches, basements, etc.

Grace, Ruggedness in New Grille

Setting off the striking design of the 1949 Chevrolet, a rugged, graceful grille lends a touch of rare distinction. Sturdy wrap-around bumpers, which protect the sides of the front fenders, and inset parking lamps are luxury treatments new to the low-priced auto field.

WEATHER—

(continued from page one)

weather bureau said. There will be low temperatures, but that's all."

The front began moving in at the end of a day which had brought a surprise thaw—a thaw that had made great progress against ice and snow which had covered much of the state.

The thaw came after icy conditions had forced inauguration ceremonies indoors at Austin and slowed travel to a crawl over most of the state.

Two thirds of the state awoke Tuesday to find the countryside sheathed in ice, sleet, or snow. But skies cleared rapidly, and by 9 a. m. icicles started dropping and the ice coating turned to slush.

The temperature continued to rise during the day. By late afternoon things were approaching normal in most sections. Highway travel was hit hardest while the ice was on the

ground.

But nightfall brought a return to low temperatures. At Amarillo, in the Panhandle, the weather bureau forecast said winds up to 40 miles an hour would drift snow already on the ground. Livestock warnings were issued there. By Wednesday morning the temperature was expected to drop to 10 degrees.

The new cold wave was forecast to strike the Texas Panhandle Wednesday morning; to spread as far as the Dallas-Fort Worth area by nightfall, and to cover the state by Thursday night.

ACCIDENT—

(continued from page one)

were proceeding along Highway 69 and were approaching the highway bridge over the tracks of the Santa Fe when suddenly their car skidded on the iced road, went out of control and plunged down an embankment. The car was almost completely demolished but the occupants suffered only minor injuries. They reached their home in Hearne by rail, taking the train at the nearby station of the Missouri Pacific.

H. P. Culpepper on his way to his home in Cameron from Hearne where he has business interests lost control of his car on the bridge over the Brazos River at Port Sullivan. His car skidded about on the icy floor of the bridge and crashed alternately into the left and right railings of the bridge. Both fenders were torn from his car, but Mr. Culpepper was able to drive the machine to Cameron.

Friends will regret to learn Ike West is ill and in the St. Edwards Hospital for treatment.

Mrs. Ruth Winchester of Cameron is ill and in Newton Memorial Hospital.

Emmett McGuire and J. B. Earn made a business trip to Kaufman one day this week.

Frank Ahrendt of Lexington is a surgery patient in St. Edwards Hospital.

Mr. and Mrs. W. O. Newton spent Sunday in Carthage with Mr. and Mrs. Frank Newton and son, Jimmy.

If you copy the ways of the sloth, don't be surprised to find yourself out on a limb.

Lawrence Michalka and Buddy Shipp students at Southwestern college in Georgetown spent the past week end with relatives in Cameron.

ASTHMA

Don't let coughing, wheezing, recurring attacks of Bronchial Asthma ruin sleep and energy without trying MENDACO, which works thru the blood to reach bronchial tubes and lungs. Usually helps nature quickly remove thick, sticky mucus. This alleviates coughing and aids freer breathing and better sleep. Get MENDACO from druggist. Satisfaction or money back guaranteed.

Jack Owings Named
Inspector By City
Council; Begins Work

Jack Owings, Sr., has been appointed inspector for the city of Cameron by the Council and his duties will embrace approval of electrical, gas and plumbing installations.

Mr. Owings has taken up his duties. He is one of the best known electricians in this area and is back on a job he held with the city years ago.

Primarily known as electrical inspector, his duties will be to see that all plumbing is properly done and all gas installations.

Mr. Owings said Wednesday that in view of some discoveries already made that current incomplete installations may have to be changed, that he plans a close observation and a thorough inspection of all existing installations. If he finds electrical wiring in any building that does not meet specification he will require it to be changed. This will apply, he said, to old as well as new wiring.

Much of the electrical wiring in the city in the old buildings is in dangerous condition, he said, and unless changed fires are certain to break out and they would threaten the entire business section.

Mr. Owings hopes to have the benefit of a new electrical and plumbing ordinance soon. It was understood the Council is now preparing such an ordinance.

Mr. Owings should have the complete confidence of all the people since he is an expert and has had many years experience. During the late war he held government positions of highly technical import as an electrician.

Shack T. Shafer of Hanover was a Cameron visitor the past Saturday.

Chevrolet's 'Balanced Design' Adds Beauty and Comfort

Progressive streamlining of the 1949 Chevrolet is in emphasis in this view of the Styleline De Luxe four-door sedan against a new Martin 202 passenger airplane. Notable in the roomier, lower cars is a balance in design that adds greater comfort and driving ease as well as smart appearance.

CHEVROLET—
(continued from page one)
fabrics, trim and appointments. The lineup shows:

Fleetline—Two and four-door sedans. This design is distinguished by the extension of the roof line in an unbroken sweep of the rear. Known to the trade as a "fast back," the form achieved great popularity on the 1948 two-door Aerodan.

Skyline—Two and four-door sedans, sport coupe, three-passenger business coupe, convertible, wood and all-steel station wagons. Styleline sedans carry the "notch back." Here the curvature of the roof meets the rear deck at the body felt line.

"In the engineering of our most important model in several years, we considered first the qualities that have consistently given Chevrolet the leadership in the industry," said a company statement. "We did not make changes simply for the sake of change. Every innovation throughout the chassis and body was exhaustively tested and proved. We exercised great care to assure ourselves that each departure met Chevrolet standards."

The first impression of the new cars is one of the smart styling, structural strength and generous dimensions. The entire passenger compartment has been moved forward, lengthened, broadened and lowered, affording a pleasing balance in proportions. Rearwardly the front fenders have been absorbed into the body, their vertical planes built flush with the doors. Crowns of the fenders have also been raised to fit more snugly into the hood and low, clean ensemble of the grille. To add grace protect body surfaces, a partial rear fender has been retained.

From the passenger's standpoint perhaps the chief improvement in bodies is the immense increase in glass area. All windows have been deepened and widened. The windshield takes full advantage of broader bodies, curving inward at the narrowed pillars to improve sideway as well as forward vision. On comparable models the gain in visibility over 1948 has been as much as 30 per cent.

Besides its influence on over-all balance in design, repositioning of the passenger compartment claims still other benefits. Rear seat passengers are now cradled in the comfort zone between the front and rear axles. (Formerly passengers rode over the rear axle.) Lowering of the compartment has reduced the center of gravity of the car, resulting in greater stability on curves and a higher speeds. Further, the lowered floor and wider doors permit easier entrance and exit by passenger.

Another important factor in better roadability is the adoption at the front and rear of direct double-acting shock absorbers, a type that proved itself in wartime service. Front suspension, which continues to feature the coil spring "Knee-Action" Chevrolet pioneered 15 years ago, has been made sturdier.

A new steering geometry will be found significant by drivers. The master arm is now located in the center of the chassis front end, equalizing the effort of right and left turns. This type of steering, available previously only in higher-priced cars, reduces "wheel fight," any tendency of the car to "wander" and adds to tire life.

The gearshift is new. Recent developments in shift linkage caused engineers to substitute the manual shift for the former vacuum-assisted mechanism. The lever remains on the steering column, but has been lengthened to equalize the effort of shifts.

Although the six-cylinder valve-in-head engine is basically unchanged, several refinements have enhanced smoothness and service accessibility. The carburetor is improved and contains a "fast-idle" device. The exhaust system has been "unitized" for improved sealing. A better hydraulic system and weight redistribution improves breaking. Wheels are smaller and carry low-pressure tires.

The atmosphere of luxury in the 1949 Chevrolet interiors has been heightened by simplified seat construction, new fabrics and tasteful moldings, paneling and trim. Hardware is shaped close to the doors to prevent snagging of garments. Ventipane handles have been eliminated by the adoption of push-pull window wings. New as well is the method of door latching. Exterior door handles are solid with the release and lock mechanism built into a thumb button which extends from the trunk of the handle.

Also notable is a new means of ventilation. With the cowl vent omitted, fresh air is now drawn into the passenger compartment through ducts located between the front fender skirts and the radiator. These ducts lead to tubes ending at the dash. Air is metered by butterfly valves positioned by manually operated knobs on the instrument panel.

The average person forms an opinion by adding to a small measure of information a dash of imagination and a large quantity of prejudice, shaking well with emotion.

A woman is someone who will need new drapes to go with the new upholstery she has in mind to match the new rugs she just bought.

Clarkson News

Mr. and Mrs. Walter Kohing and daughter, Maxine shopped in Cameron Saturday.

Mr. and Mrs. Fred Starnes of the Yarellton community spent the week end at Clarkson with the latter parents, Mr. and Mrs. Wm. Kohing.

Mr. and Mrs. John Matyastik transacted business in Temple Friday, and also visited their daughter, Mildred who is a student at Mary Hardin Baylor in Belton.

Grandpa Stocklas, father of Mrs. Rex Mitchell passed away Saturday night. Mr. Stocklas had been making his home with his daughter. The Community extends sympathy to the family.

Mr. and Mrs. Joe Lackey and family shopped in Rosebud Saturday.

Coach Johnnie Joe Hauk of Cameron spent the week end with his parents, Mr. and Mrs. Joe Hauk.

Mr. and Mrs. Herman Schulz have purchased the Arthur Hensel farm at Burlington.

The father of Mrs. Mike Fisher (Julius S. Cabron) former Burlington merchant died Saturday evening. The Clarkson people extend their deepest sympathy.

V. W. Hauk, Julius Johns and Windella Mitchell were among the football boys who attended the banquet at Cameron Monday night.

The Clarkson school teachers and pupils have been busy giving and taking mid term exams.

Rev. Holloway brought the morning and evening worship services at the Baptist Church Sunday. Prayer meeting is held every Wednesday night.

Walter H. Horne of Galveston and Mr. and Mrs. Leonard Bush were guests in the home of Mr. and Mrs. W. O. Rinn Sunday. Mr. Horne conducted services at the Church of Christ in Cameron Sunday both morning and evening services.

Wealthy people don't get enough roughage in their food while the poor don't get enough food in their roughage.

A naturalist says that alligators are harmless so long as you can keep their mouths closed. For that matter so are gossips.

Mr. and Mrs. Roland Merrell and son Roland Lee of San Marcos visited in the M. M. Johnson home this week.

YARRELLTON NEWS

Mr. and Mrs. W. A. Wilkerson visited in the Bill Hensley home at Ad Hall Sunday afternoon.

Mr. and Mrs. Charlie Barrett of Corpus arrived this week to be with her parents during the illness of Charlie Griffin.

Littleton and Griffin Barrett are back in school this week after being ill at their home with measles.

Mr. and Mrs. C. E. Russell attended a party in the home of Mr. and Mrs. J. A. Cryer in Cameron Saturday afternoon.

Visitors in the Charlie Griffin home Sunday were Mr. and Mrs. Bud Griffin, Zackie, Loma and Bob Russell, Rev. R. L. South, Mr. and Mrs. Charlie Barrett and Mr. and Mrs. Frank Griffin.

Mr. and Mrs. Rodney Barker spent Sunday visiting in the home of Mrs. Maud Davis and Mrs. Geneva Lankford in Cameron.

Ed Lake made a business trip to Temple recently.

Wallace Colburn and Ardell Pagel and their FFA teacher attended a FFA meeting in Granger Saturday.

Mr. and Mrs. Frank Lesikar and family attended the theatre in Cameron Saturday night.

Yarellton received only a light rain during the past week end.

CARD OF THANKS

We wish to express our deep appreciation to our friends and relatives for their kindness and gracious help during the illness and at the death of our loving wife and mother. May the kindest blessings be upon you who gave flowers, made offerings or helped in any way. We do thank you from the depth of our hearts. Your kindness, sympathy and tenderness will be in our hearts always.

Arthur Reynolds and Children.

Mighty Assault Is Looking Better Than Ever Before

COLUMBIA, S. C., Jan. 17—Mighty Assault "never looked better" and may race again. Assault calls the King ranch in Texas home.

The Columbia Record said today it had word from Trainer Max Hirsch he was putting Assault back into training and hoped to start him at a New York track next summer.

"He never looked better, in fact, he never looked so good," Hirsch said in a telephone interview from the King ranch.

The six-year-old will train on a new track at the Texas ranch instead of returning to Columbia where he wintered.

Assault retired to stud last year after popping an osselet in the 1948 Widener Handicap, where he was matched against Armed.

The horse has failed as a stallion, Hirsch said, but has recovered from the leg injury.

Assault won the Kentucky Derby, the Preakness and the Belmont Stakes—racing's triple crown—in 1946.

SGT. PAUL WILLIAMS AWARDED BRONZE STAR

Sergeant Paul H. Williams, was awarded the Bronze Star in an impressive ceremony held at Vernam Air Force Base in Jamaica, B. W. J.

This honor was bestowed upon Sgt. Williams "for exemplary conduct in ground combat against the armed enemy on or about April 18, 1945, in the European theater of operations", while he was a member of the 241st Infantry Regiment. Following the presentation of the award by Colonel Lewis P. Ensign, Commanding Officer of Vernam Air Force Base, Sgt. Williams entered the reviewing stand and was further honored by Vernam Airmen who passed in review.

Sgt. Williams is the son of Mr. and Mrs. Rice H. Williams of Cameron. He entered the service at the age of 18 and served three years with the 341th Infantry and then re-enlisted. He attended Yoe High School in Cameron and finished his schooling at Keesler Field Mississippi. He was then sent to Jamaica. On October of this year Sgt. Williams will have served six years with the Air Force.

22 Cars Of Oil and Cotton Destroyed In Derailment Fire

Nineteen tank cars of oil, a 124-foot bridge and three cars of cotton were destroyed by fire Wednesday night when 29 cars of a Santa Fe freight train were derailed near Kempner, nine miles east of Lampasas.

Santa Fe officials in Temple said that the cause of the derailment was not known at this time but it is believed to have been caused by a broken rail.

The amount of load damage will run better than \$35,000, officials said. The estimate on the amount of damage does not include the equipment but is based on current prices of crude oil and cotton the cars were carrying.

The spokesman for the Santa Fe said that the main line should be open for use by 6 p. m. Friday and that train connections were being met by routing the passengers by bus from Temple to Lampasas, where they were being met by trains from the western division.

Mail and express is being carried to Lampasas by truck and all schedules are being made as nearly as possible under the conditions, officials said.

Two wrecker crews, from Temple and Cleburne, and four bridge gangs are on the job clearing and rebuilding the right-of-way, officials in the Temple office said.

E. L. Hill of Temple was the conductor of the train and G. M. McCall also of Temple was the engineer. No one was injured in the derailment.

Rev. C. W. Sanders of Milano was in Cameron Thursday of this week and officiated at the funeral service of Miss Gussie Rowlett.

Mr. and Mrs. G. S. Foster of Troup, Texas have moved to Cameron to make their home. Mrs. Foster is a sister of Mrs. Minnie Corbin of Cameron.

Mother Arrested For Gouging Eyes of Son In a Fit of Temper

DALLAS, Jan. 13—The mother of a three-year-old west Dallas boy was jailed here today, accused of gouging the eyes of her son in a fit of temper.

Parkland hospital officials worked on the eyes of the tousle-haired child in an effort to save his sight. They said one eye probably would be impaired, but that the child probably would not go blind.

The child's father told Sheriff Bill Decker that the mother had done the same thing a month ago. The father's head was shaved. He told the Sheriff that his wife had taken scissors and cut his hair off while he slept, then she had shaved his head.

A grandparent called the Sheriff's office today. Decker said the boy's eyes were bleeding when he arrived at the home. He arrested the 28-year-old mother. Juvenile officers will be called into the case, Decker said.

No charge had been filed late today.

Mrs. C. G. Swift, Sr. has returned to her home in Waco after a visit with her sons in Cameron.

Mrs. Pearl Scarborough and son, Mr. and Mrs. Bob Lee Scarborough and sons of California are visiting relatives in Cameron this week.

Mr. and Mrs. Stovall Stall of Midland have returned to their home after attending the funeral of B. F. Robinson in Cameron.

MARINE HERO WILL BE BURIED IN CAMERON

The body of Pvt. James T. Shuemate, Marine Corps hero, who was killed in action on New Georgia Island in the Pacific war against Japan in late 1942, has arrived aboard a memorial ship on the west coast.

Pvt. Shuemate was the son of Mrs. Mary O. Gill of Cameron. The child will be buried in Cameron. He was first buried on New Georgia Island where he died as a Marine Commando storming Jap entrenchments incident to landing.

Pvt. Shuemate, reared in Cameron was 18 years old and a member of a commando unit of the United States Marines, a tough outfit commanded by Colonel James Roosevelt, son of the late President.

Shortly after Mrs. Shuemate received notice of her son's death she received the following letter from Col. Roosevelt:

Dear Mrs. Shuemate:
"I have waited quite a long time to write you and express my sympathy for the loss of your splendid son, James Thomas Shuemate, as I hoped to have some details of the last action long before this. Unfortunately, I still can add nothing to the communication you received from the Marine Corps.

"As you know, it was my privilege to serve as your son's commanding officer until just a short time before he so gallantly finished his end of this job. I knew him, as I did most of the men of the Battalion, personally and as a friend. I received the news of the casualties with a feeling of great loss.

"I know there is very little I can

say to you that will comfort you in your sorrow, but should any details of the action reach me I will certainly let you know.

"Meanwhile, please accept my sympathy for you and his family."

Very truly yours,
Lt. Col. James Roosevelt, USMC

CASH AWARD WON BY LOCAL TRAPPER

J. L. White's Opossum Pelt Earns Award in Sears-Roebuck's Big 20th National Fur Show

New Added Awards This Year Offer You Opportunities to Win As Much as \$2,000.00!

Careful pelt handling paid off for this local trapper in the form of a Daily Cash Award in Sears 20th National Fur Show, besides giving him an opportunity to share in Major Awards!

You, too, can do what this trapper did—for this season, Sears big 20th National offers special, new, added awards—more extra cash opportunities for you to share in than ever before!

Now—952 Awards
Totaling \$8,840.00

First Major Award increased to \$2,000.00—20 crisp \$100 bills! Twenty Major Awards instead of the usual 10. A total of 952 extra cash awards in all!

Remember, every award is in addition to the top market prices Sears gets you for your pelts. You get individual grading by

experts in furs from your locality! And you get prompt cash returns, too!

Even if you don't win an award, careful handling enhances the value of your furs. So careful pelt handling certainly pays.

Get In—It's Easy! Every fur you ship to Sears, during the term of the Fur Show is automatically considered for awards.

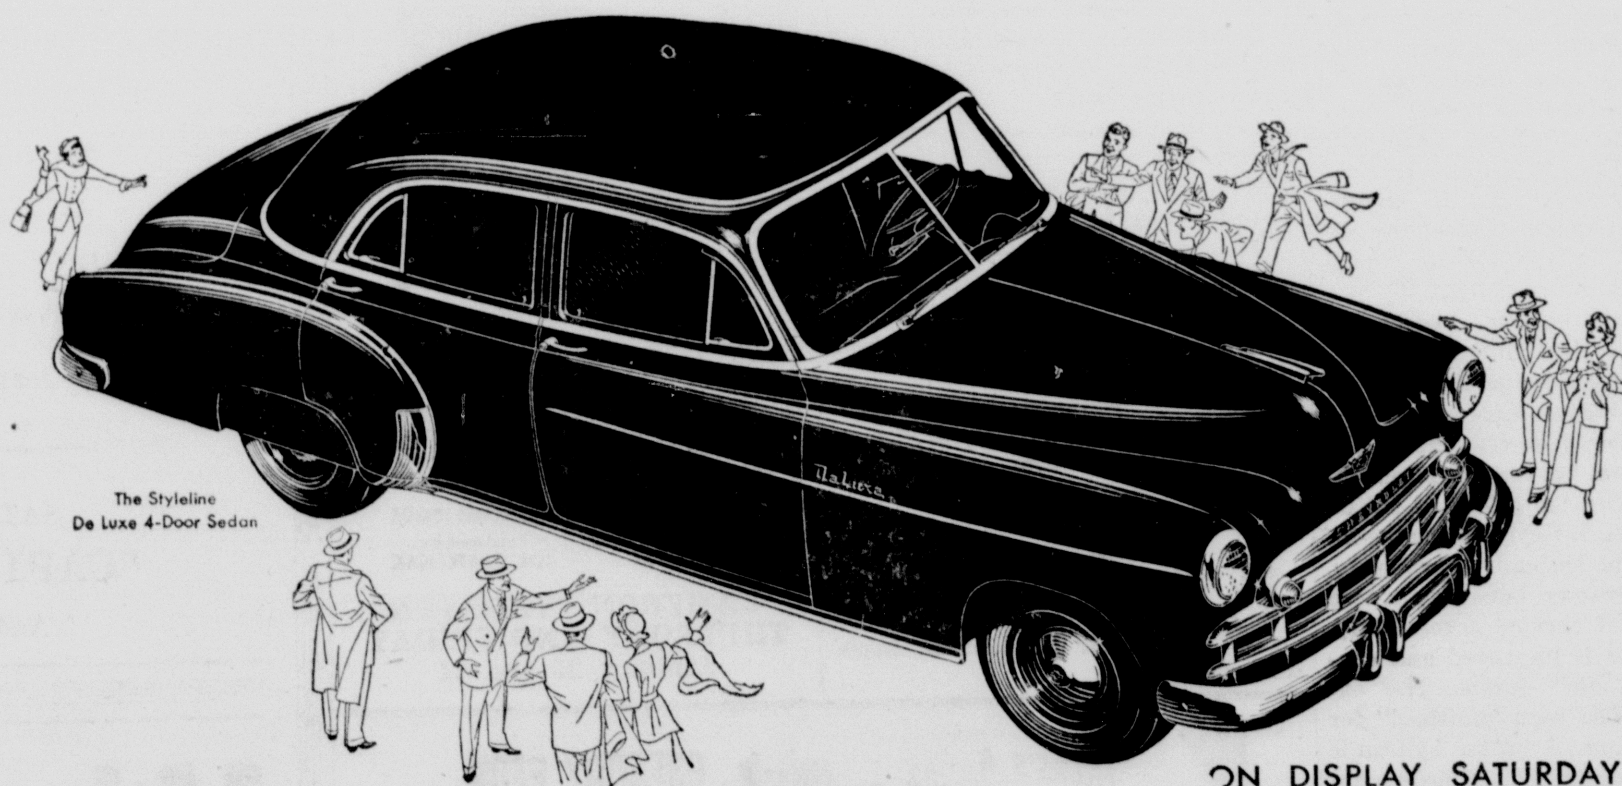

Only the handling of pelts counts; not the kind of fur, not its value. This season, why not try for some big extra money? Remember, everybody has an equal opportunity. You have everything to gain—nothing to lose.

Sears, Roebuck and Co. is proud of its 24 year record of service in marketing raw furs for our thousands of trapper friends.

When your furs are ready, ship them to Sears, Roebuck and Co., Raw Fur Marketing Service, Chicago, Philadelphia, Memphis, Dallas, Kansas City or Seattle, whichever is nearest you. Thousands of trappers have earned awards. YOU CAN, too!

NOW COMES THE LEADER WITH A 7-YEAR ADVANCE IN ONE!

Welcome the New CHEVROLET

ON DISPLAY SATURDAY

The most Beautiful BUY of all

We cordially invite you to see the new Chevrolet for '49—the first completely new car the leader has built in more than seven years—and the most beautiful buy of all!

You'll find it's the most beautiful buy for styling, for driving and riding ease, for performance and safety, and for sturdy endurance born of quality construction throughout... because it alone brings you all these advantages of highest-priced cars at the lowest

prices and with the low cost of operation and upkeep for which Chevrolet products have always been famous.

Yes, here's the newest of all new cars—pre-tested and preproved on the great General Motors Proving Ground—and predestined to win even wider preference for Chevrolet as the most beautiful buy of all, from every point of view and on every point of value. Come in and see it!

First for Quality at Lowest Cost

AMERICA'S CHOICE  FOR 18 YEARS

GRABEIN CHEVROLET COMPANY

104 NORTH TRAVIS

CAMERON, TEXAS

CHEVROLET

is the only car bringing you all these fine-car advantages at lowest cost!

YOU'LL PREFER ITS "LUXURY LOOK"!

Chevrolet's new Leader-Line Styling is lower, wider, faster... with new Dyna-Cool radiator grille, Single-Sweep front and rear fender treatment, and fleet-as-a-rocket lines all around... by far the most beautiful development of the new "functional form" for motor cars.

MORE BEAUTIFUL FROM EVERY ANGLE!

The new Beauty-Leader Bodies by Fisher (with push-button door openers outside) are true masterpieces by the master builder of fine coachcraft... with superb lines, extra-fine upholstery and a wide variety of alluring colors... much more beautiful from every angle—inside and outside—front, side and rear.

MORE ROOM AT EVERY POINT!

The new Super-Size Interiors featuring extra-wide "Five-Foot Seats," give you plenty of head, leg and elbowroom as well as extraordinary seating space for six full-grown passengers; and you'll also notice that the giant rear decks have what amounts to "trunk room" capacity.

SEE ALL! ENJOY ALL!

New Panoramic Visibility, with wider curved windshield, thinner windshield pillars, and 30% more window area all-round, permits you to see all and enjoy all, and to travel in maximum safety.

THESE ARE CARS THAT "BREATHE"!

Yes, you'll enjoy the additional pleasure of riding in a "car that breathes" for a completely effective heating and ventilating system supplies warm air to every nook and corner of the interior—exhausts stale air—and keeps glass clear in all weather. (Heater and defroster units optional at extra cost.)

THE NEW RIDE'S A REVELATION!

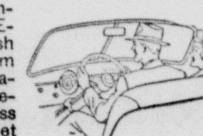

A vastly improved Unitized Knee-Action Ride, combined with new direct-acting airplane type shock absorbers, front and rear, and extra low pressure tires, gives the stability, smoothness and road-safety you have always wanted.

THERE'S ONLY ONE WORLD'S CHAMPION ENGINE

You get the finer results of Chevrolet's sturdy Valve-in-Head Thrift-Master engine in all Chevrolet models... together with all of Chevrolet's money-saving economy of operation and upkeep... and this is the world's champion engine for miles served, owners satisfied, and years tested and proved.

JUST COUNT THE COMFORTS!

Push-Button Starter for simplest, easiest starting; Hand-E-Gearshift with Synchro-Mesh Transmission for maximum shifting ease; and Firm Foundation Box-Girder Frame for ride-stability and road-steadiness unsurpassed in the Chevrolet price range.

STOP MORE SWIFTLY AND SAFELY!

The new Certi-Safe Hydraulic Brakes give even faster stops with safety... and assure the highest degree of effective braking action for you and your family.

YOU'LL SAVE MORE MONEY, TOO!

This new Chevrolet is designed, engineered and built to speed your pulse and spare your pocketbook, for it brings you all these and many other important improvements at the lowest prices and with extraordinary economy of operation and upkeep.

Plus NEW CENTER-POINT DESIGN!

A remarkable 4-way engineering advance exclusive to Chevrolet in its field, and consisting of Center-Point Steering—Center-Point Seating—Lower Center of Gravity and Center-Point Rear Suspension gives the new Chevrolet riding and driving results without precedent or parallel in low-cost motoring. That means a new kind of riding ease and a new kind of driving ease heretofore reserved for owners of more expensive cars. Remember—only new Center-Point Design can give you all these finer results; and only the new Chevrolet brings you Center-Point Design at lowest cost!

Society in the News

MISS DOROTHY CRAWFORD is the daughter of Mr. and Mrs. Tim Crawford of Cameron, who have announced her engagement to Norman Beaver of Cameron, son of Mr. and Mrs. Joe F. Beaver of Iowa Park, Texas. The wedding will take place February 3, at the North Central Church of Christ, at 6:30 in the evening. The vows will be read by Reginald Beaver of Abilene, Texas.

Miss Irma Pilling And Brooks Kalmbach Married January 9th

The marriage of Miss Irma Pilling and Brooks Kalmbach was solemnized January 9 at 6:00 p. m. in Hope Lutheran Church in Buckholts. The Reverend John Striepe performed the double ring ceremony.

The bride is the daughter of Mr. and Mrs. Henry Pilling of Cameron. She was graduated from Yoe High School in Cameron and King's Daughter School of Nursing in Temple. She is now on the staff of the Veterans Administration Hospital in Temple.

Mr. Kalmbach is the son of Mr. and Mrs. Edward Kalmbach of Temple. He attended Temple High School and is commercial flight instructor for the Municipal Airport in Temple.

Baskets of white carnations and fern decorated the altar of the church.

Mrs. John Striepe, organist, played "Liebestraum" and the traditional "Lohengrin's Wedding March" and "Mendelssohn's Reconciliation". Miss Rose Marie Moraw of Bryan sang "Because" and "The Lord's Prayer."

The bride was given in marriage by her father. She was attired in a white slipper satin gown made with long fitted bodice, long tapering sleeves, yoke of chantilly lace, and wide berth. The full skirt extended into a train. Her veil of bridal illusion was caught by a white satin tiara topped with seed pearls and lilies of the valley. She carried a white bible topped with gardenias and white satin streamers. For something old, she wore a pearl necklace belonging to her sister Hilda. For something borrowed, she carried a white lace handkerchief belonging to Miss Minnie Fay Williams of Temple. She also wore a gold bracelet, a gift of the groom.

Adele Pilling of Austin attended her sister as maid of honor. She wore a green iridescent taffeta gown made with fitted bodice and full skirt. Her headdress was of green taffeta and white carnations. She carried a clonial bouquet of yellow chrysanthemums.

Bridesmaids were Hilda Pilling of Austin and Doris Pilling, who wore orchid iridescent taffeta gowns and headdress fashioned after the maid's of honor. They carried colonial bouquets of pink carnations. Junior bridesmaid was Marie Ann Pilling, who wore an orchid iridescent taffeta gown.

Flower girl was Aileen Pilling. She wore a white slipper satin gown made with full gathered skirt, puff sleeves, and wide berth. She carried white chrysanthemum petals in a white satin basket.

Attending the groom as best man was Charles Dillman of Temple. Ushers were Eloy Jeske of Rogers, Ordell Kalmbach of Jarrell, and Ervin Lynn Jungmann of Buckholts.

The bride's mother wore a black street length dress with black acces-

sories and wore a white carnation corsage.

The groom's mother wore a gray suit with black accessories and wore a white carnation corsage.

A reception was held at the bride's home immediately after the wedding. The bride's table was laid with a white lace tablecloth.

For going away the bride wore a deep violet suit with black accessories, and wore a gardenia corsage.

After a short wedding trip to Mexico, the couple will be at home at 902 1-2 South 27th Street, Temple.

Miss Lina Lange and Robert Lee Kakel of Dallas Are Married

Buckholts Hope Lutheran Church was the scene of a candlelight wedding ceremony, Saturday evening, January 15, 1949, which united in marriage Miss Lina Lange of Cameron and Robert Lee Kakel of Dallas.

Standard baskets of white carnations were placed at vantage points for church decorations. An arrangement of Garza mums were on the organ.

Parents of the couple are Mr. and Mrs. W. H. Lange of Buckholts and Mr. and Mrs. Henry Kakel of Cameron.

Rev. John Striepe, pastor was the officiating minister.

Mrs. Striepe, organist provided the nuptial music, and Mrs. Bob Busker of Lott, sister of the groom, sang "I Love You Truly".

Mrs. Raymond Lukas of LaGrange was matron of honor and Ernest L. Kakel, brother of the groom, was best man. Ushers were Floris and Ardell Lange, brothers of the bride.

The bride, given in marriage by her father, wore a lovely rose beige suit with navy accessories and carried a white Bible topped with an orchid intertwined with white satin streamers. For something old she wore a strand of pearls belonging to her mother, and for luck she wore a penny in her shoe.

Mrs. Lukas wore an aqua suit complimented by black accessories and a white carnation corsage.

The bride's mother was dressed in black with black accessories and white carnation corsage, and Mrs. Kakel, the groom's mother wore a black crepe dress with black accessories and a corsage of white carnations.

Following the wedding a reception was held at the home of the bride's parents where Mrs. Ernest Kakel served the wedding cake and Miss Opal Butts presided at the coffee service. Miss Imogene Steele was at the bride's book and registered the guests. The lace covered table held the three-tiered wedding cake, and a bouquet of Garza mums was used for center piece.

The bride is a graduate of Buckholts High School and also a graduate of a Beauty School in Austin. For the past two years she has owned and operated a Beauty Shop in Cameron.

Mr. Kakel is a graduate of Yoe High School and served four years in the Army Air Corps, thirty-three months of which was served overseas. After a wedding trip Mr. and Mrs. Kakel will make their home in Dallas where he is employed with Chance Voight Plane Factory.

Miss Ruth Edwards And Emmitt McGuire Married Here Tuesday

Miss Ruth Edwards of Oglesby and Emmitt McGuire of Cameron were married Tuesday evening, January 11, 1949, at seven o'clock in the evening. Rev. McKeown, pastor read the vows at the Episcopal Church in Cameron.

The bride wore a lovely grey suit with dark green accessories and a shoulder corsage of gardenias. The couple was attended by Albert Lumkin and Berniece Cloud of Rockdale. Miss Cloud wore a gold colored frock with green accessories.

Mr. McGuire is manager at Haley's Dry Goods Department store in Cameron where he has many friends. He has been with the Haley stores for the past three years.

Mr. and Mrs. McGuire are making their home in Cameron.

Mr. and Mrs. Charlie Pratt and James of Milano, Mr. and Mrs. Johnnie Hawkins of Houston, A. D. Lagrone and Ruth Turner of Cameron were visitors in the Marvin Pratt home in Cameron Sunday.

Ellen Frances Crenan spent the past week end in Houston. She was accompanied home by Catherine Canington who plans to spend a few days in Cameron.

Mrs. Clara Robinson, mother, and Mrs. Laida Barto, sister, have returned to Greenville, Na., following the funeral here of the late B. F. Robinson.

Mrs. Melvin Weems has returned home after being a patient in St. Edwards a few days this week. She is much improved.

Evelyn Reimer and James A. Turney Are Married January 2nd

Evelyn Reimer, daughter of Mr. and Mrs. Otto Reimer of Cameron and James A. Turney, son of Mr. and Mrs. John J. Johler of Pittsburg, Pennsylvania were married January 2, 1949 at 7:00 p. m. at Hope Lutheran church at Buckholts, with Rev. P. T. Sager reading the double ring ceremony.

The church was beautifully decorated with white chrysanthemums and candelabra.

The bride, given in marriage by her father wore a white slipper satin gown styled with lace waist and long sleeves with tiny covered buttons closing the back. The skirt was full gathered and fell into a long train. She wore a single strand of pearls. Her finger tip veil of illusion fell from a tiara of beads, and she carried an arm bouquet of pale pink carnations.

Matron of honor was Mrs. Ralph Leidig of Ft. Worth sister of the bride. Best man was Ralph Leidig of Ft. Worth and Willie Randerman, Jr. of Cameron was groomsman. Her other attendant was another sister, Clara Reimer of Cameron.

Mrs. Leidig and Miss Reimer wore lovely gowns of salmon pink satin with bustle backs, net yoke and long fitted sleeves. They wore satin bonnets to match their dresses. Each carried an arm bouquet of pale pink carnations.

The mother of the bride was dressed in a black suit with an orchid corsage.

The bride is a graduate of Sharpe High School and has been employed in San Antonio. The groom is a graduate of South Hiys High School in Pittsburg, Pa.

Following the wedding a reception was held at the home of the bride's

THE CAMERON HERALD

JANUARY 20, 1949

parents for close friends and the family. A three tiered wedding cake topped with bride and groom was served with refreshments.

The couple will make their home at Pittsburg. For traveling the bride chose a brown wool dress with brown accessories.

Dorothy Ann Perrin And Mitchell Carroll To Be Married Jan. 21

Mr. and Mrs. E. A. Perrin have announced the approaching marriage of their daughter, Dorothy Ann Perrin to Mr. Fred Mitchell Carroll of Midland.

The wedding will take place in Cameron on Friday, January 21.

Mr. Carroll is a graduate of Baylor University and is employed with the Shell Oil Company with headquarters in Midland.

Miss Perrin is a graduate of Texas University in Home Economics and is teaching school in Lometa. She was reared in Cameron, her father, being Superintendent of Schools here for 10 years.

Friends here and in Midland will be pleased to have the announcement of the coming marriage of Miss Perrin and Mr. Carroll.

Emory B. Camp attended the funeral of Dr. Coulter in Rockdale Friday.

Mrs. Julian Burnett of Route 2, Cameron is among the patients in Newton Memorial Hospital.

J. H. Scarborough who has been ill in Newton Memorial Hospital recently is much improved and has returned to his home in Buckholts.

Alver Gravender is ill in St. Edwards Hospital.

Haley Store Closing Date Is Reset Here; Big Sale Continues

Date for closing the Haley Dry Goods Store in Cameron has been advanced to Wednesday, January 26 it was announced to-day in a page adv in the Daily Herald.

Mr. Haley says that due to the bad weather of the past week the close out sale is to continue so that all may have an opportunity to take advantage of these savings.

Mickey McGuire, manager of the store, is telling the trade territory about these buying opportunities this week in the extended sale.

Gwendolyn McCarty of Deenville is ill and in St. Edwards Hospital.

Mrs. Jerusha Falkner of Route 3, Cameron is among the patients in St. Edwards Hospital.

CAMERON THEATRE SUNDAY AND MONDAY January 23 and 24

A Record of Accomplishment

On December 20, 1933, 27 farmers and cattlemen met in the Courthouse at Bryan to organize a production credit association to serve the counties of Brazos, Burleson, Grimes, Madison, Milam and Robertson. Times were hard, credit difficult to obtain, and farmers were seeking a dependable source of credit which would serve their needs at reasonable rates of interest, although credit—credit they could depend upon—was uppermost in their minds.

Farmers had little money in those days, and the 27 charter members of the Bryan Production Credit Association subscribed for a total amount of \$135.00 (one hundred and thirty-five dollars) capital stock in the association.

Realizing that every credit institution that expects to be permanent must be adequately capitalized, the United States government through the Production Credit Corporation of Houston subscribed for

\$90,000.00 capital stock at that time, and later this amount was increased to \$175,000.00. This capital investment was not intended as a gift, and the plan was for the association to repay the government when the members could adequately capitalize the association themselves.

This goal has been kept in mind through the years, and now the Bryan Production Credit Association is glad to announce that the last dollar of government capital was repaid on Dec. 31, 1948, and that now the association is entirely owned by its 928 members with a capital structure of \$215,095.00.

The association does not now, and has never loaned government funds, but obtains funds with which to make loans by rediscounting its members' notes with the Federal Intermediate Credit Bank of Houston, which in turn obtains its funds in the investment markets of the country.

GROWTH IN MEMBER OWNERSHIP

	Member Capital & Reserves	Govt. Capital
December 31, 1935	\$ 23,675.00	\$135,000.00
December 31, 1938	54,573.00	175,000.00
December 31, 1941	88,588.00	175,000.00
December 31, 1945	138,885.00	110,000.00
December 31, 1948	215,095.00	None

STORM BREAKS TWO PHONE CABLES HERE

Two cables on First Street around 5 p. m. Saturday were broken by wind during a rain storm and 75 telephones were out of order throughout the night.

Service was restored by 1:30 p. m. Sunday it was disclosed by C. L. Carson, district manager for Southwestern Bell, who called the Daily Herald.

One cable at 401 East First Street was broken and another at 107 West First Street, Linemen for the telephone company went to work at once and shortly after one o'clock Sunday the 75 telephones were back in operation.

Subscribers will now know what caused the interruption in service. J. M. McLean, local service manager, and his crew of men made good time under difficult conditions. Mr. Carson and all who had a share in restoring the service are receiving the thanks of grateful patrons of the telephone company in those areas where service was interrupted for some 19 hours.

Miss Dorothy Kirk, senior at Southwest Texas State College from Gause was elected president last week of the Idyllic Literary Society. The Idyllic Society is one of the leading women's social organizations on the campus.

Mr. and Mrs. Charles Stall have returned to their home in Fort Worth. They came to Cameron to attend the funeral of B. F. Robinson.

Boy Whose Mother Goughed His Eyes Gets a New Home

DALLAS, Jan. 14—A two-year-old boy, whose mother gouged his eyes until they bled profusely, got a new home today.

Dallas County Chief Juvenile Officer Sam Davis placed the little boy with "some foster parents"—not identified—and said he hoped to get a permanent order taking custody of the child away from his parents.

Doctors at Parkland Hospital, treating the wounded eyes of the boy, said they believed his sight would not be impaired by the gouging.

B. F. Stewart Creates Better Food Buying Days In Cameron

B. F. Stewart's grocery and market has a message of interest to food buyers this week.

New food buying opportunities are on at the store and the prices quoted will be in effect from Friday, January 14 to January 22.

Lower prices on a wide variety of foods in the stocks of the big store, are being quoted. Readers of the Daily Herald will be interested in the new food price quotations today and to note that these buying opportunities are to be in effect through next week.

Mr. and Mrs. L. V. Hairston and daughter Patty of Luling visited Mr. and Mrs. Bartow Jackson over the week end.

JOE D. NEWTON

Directors of The Citizens National Bank of Waco Tuesday afternoon, elected five new officers and promoted two officers from Assistant Cashiers to Assistant Vice Presidents. New Assistant Cashiers, as announced by President Walter G. Lacy, Jr., are Spencer Cannon, C. L. Rogers, Gordon Gardner, A. C. Tucker, Joe D. Newton was named Auditor and J. A. Barnett and Raymond Ford, Jr. were elevated from Assistant Cashiers to Assistant Vice Presidents.

Promotion of the seven members of the bank was made by the Directors in their monthly meeting following the annual meeting of the Stockholders of that bank. All present officers and directors were re-elected.

The new auditor, Joe D. Newton, is a member of a pioneer banking family of Cameron. His father is Vice President W. O. Newton of the Citizens National Bank of this city. Newton attended Baylor University and served several months in the Pacific Theatre during the war. He is married to the former Miss Helen Awtrey of Waco and they have one son, Joe D. II.

F. B. Springer of Buckholts is among the patients in St. Edwards Hospital.

Miss Avys White of Milano was selected "Miss Orange and White" last week by the Philosophian Literary Society at Southwest Texas State Teachers College. Honored with the title representing the official colors of the organization, Miss White was presented with a bouquet of white carnations tied with orange ribbon.

New Recruits Report To Guard Unit Here; Battalion Is Booming

Enlistments are being made in Battery C, 239th Field Artillery Battalion at an increasing rate, Captain Rudolph Michalka reported when releasing names of new members of the unit.

Most recent to enlist, he said, was Earl R. Humbird, employee of a local grocery and market. Humbird is a veteran, having served for 33 months with the 43rd Division as a machine gunner.

Also enlisting during the same week were Clarence A. Hanel, William C. Mitcham and Stanley D. Fikes. Hanel is a former Guardsman who re-enlisted after his term of service expired a short time ago. Mitcham and Fikes are students at local schools.

Capt. Michalka also stated that he was receiving an increasing number of inquiries, indicating a growing interest in the battery here.

Word has been received from Mr. and Mrs. Jesse Strickler of Houston and the Herald is glad to have them as new readers to the paper.

The girl down the street says it doesn't make much difference to her whether she marries for love or alimony.

Lydia Tomseik of Buckholts was a Cameron business visitor this week.

Mr. and Mrs. C. W. Jackson of Houston spent the week end with Mr. and Mrs. Bartow Jackson.

Mrs. F. P. Huebner of Route 1 was a welcome visitor in Cameron last week. Her many friends will be glad to know she is able to be out. Mrs. Huebner is among the valued readers of The Cameron Herald.

FUNERAL SERVICES FOR MISS GUSSIE ROWLETT

Funeral services for Miss Gussie Rowlett were held in the chapel of the Marek-Burns Funeral Home at 10 a. m. Friday, January 14 by Rev. C. W. Sanders, former pastor of First Baptist Church in Cameron with interment in Rockdale.

Miss Rowlett died here at 6 a. m. Thursday, January 13. She had suffered injuries in an accidental fall at her home here some weeks ago.

Miss Rowlett was born in Navasota in 1869 and spent most of her younger years in Rockdale. She was a member of one of the prominent pioneer families of the county.

The publishers are grateful for the following account of her life:

Early in life she became a member of the Rockdale Baptist Church and was one of its most active and faithful members. She was active in the Woman's Missionary Union, serving in the local, Associational, District, and State work.

In 1906 the Little River Association met in Caldwell, at which time she was elected president of the Auxiliary to the Association, and held this place for four years.

Miss Gussie was really a pioneer in organization works. In 1919 she assisted in the organization of Milam County Associational W. M. U., and was its first president.

Later she went to the Mountain Mission School work in the Ozarks

in Arkansas, under the direction of the Southern Baptist Home Mission Board. There she served as teacher-Missionary for some years.

Returning to Rockdale, several years later, she helped in the organization of the District Woman's Missionary Union, and was elected its first president. She served as the first Personal Service Chairman of the Texas State W. M. U.

Upon her return to Milam County in 1934 she served four years as president of the Associational W. M. U., after which time her physical strength was exhausted, but her heart and interest were always centered in the activities of her church which was made richer wherever she chanced to be located, by a long useful life given in sacrificial service.

At the time of her death she was a member of First Baptist Church, Cameron.

During the past few years her life was marked by adverse circumstances and suffering, but she bravely and courageously faced the trials, graciously accepting every act of friendship. Her many friends will feel her loss in the work in which she so faithfully pioneered and which will always stand as a living monument to her life of service.

Alfalfa May Become

Valuable Human Food

Alfalfa, for many years associated with the livestock phase of farming, may come into its own as a human food crop as science makes further strides in wringing the utmost values out of products of the soil.

Alfalfa some day may be a highly regarded source of human food, Dr. Waldo Semon of B. F. Goodrich company told the National Farm Chemurgic council. He pointed out that protein — a basic requirement in human nutrition — is present in high quality in alfalfa, and said that "when you consider also the minerals and vitamins in hay there is plenty of incentive for working out means of converting it into palatable human food."

As mechanization and scientific operation of farms increase, the threat of overproduction of crops arises, he stated. If crops are continually upgraded to yield much higher quality foods, or to yield superior industrial materials and even luxury items, the farmer need never face a problem of overproduction.

The speaker cited the farm wood lot as a prime example of crop upgrading, in that a few generations ago the timber was marketed merely as firewood, but now brings higher returns through its use in the paper, cellulose, rayon, plastics and "man-made lumber" industries.

TRUMAN WOULD RAISE \$6000 INCOME GROUP

WASHINGTON, Jan. 13 — President Truman said today that Congress should increase the taxes of everyone earning more than \$6,000 a year to help pay for his record peace-time Government spending program.

He made the statement at his weekly news conference after reporters asked him to define who he meant when he said recently that middle and upper income groups should help in raising an additional \$4,000,000,000 in Federal taxes.

The remainder of the additional tax load would be carried by business either in the form of higher corporation taxes or a peace-time excess or undistributed profits tax.

Mr. Truman said that to his way of thinking, the middle income bracket started at about \$5,000 a year and ranged up to \$20,000 to \$30,000. Obviously, he said, anything above that would fall into the high income bracket.

He conceded that the \$6,000 figure was just his own opinion. He said that if a man earns \$10,000 a year, why then the bracket between \$20,000 and \$30,000 looks a lot higher.

Chairman Robert L. Doughton, Democrat of North Carolina, of the tax writing House Ways and Means Committee, declined to comment specifically on the proposed \$6,000 tax floor. He said, however, that he hoped Congress won't have to raise taxes as much as the President suggested.

DR. H. T. COULTER DEAD IN ROCKDALE

(From the Daily)

Dr. H. T. Coulter, pioneer physician in Rockdale, died in a Temple Hospital early Thursday morning.

Dr. Coulter suffered a stroke while in his office in Rockdale a week ago and was rushed to Temple.

Funeral services for Dr. Coulter were held at the family residence in Rockdale at 2 p. m. Friday with burial in the family plot in the cemetery in Bryan.

Rivers of Turkey

There are a number of rivers in Turkey. The Tigris and the Euphrates rising in southeastern Anatolia flow across into Iraq and the Persian gulf. The longest Turkish river, the Kizil Irmak, is 600 miles; rising near Sivas it flows into the Black sea near the town of Bafra. Yesil Irmak also flows into the Black sea near Samsum, famous for its fine tobacco, which is bought in large quantities by American cigarette manufacturers. Sakarya is another famous Turkish river. Flowing into the Aegean sea are the Gediz Chay (Hermus) and Kuchuk and Buyuk Menderes. These are comparatively small rivers. None of the Turkish rivers is important for inland transportation. Logs and lumber, however, are widely transported on these streams. From the point of supplying electricity, however, their potential value is important.

Father of Grand Opera

Claudio Monteverdi is considered the father of grand opera. He was born in 1567 and died in 1643. Actually Jacobo Peri's Dafne reached the stage a decade before Monteverdi's first opera, but it is the work of the latter in combining orchestra and singers which set the style for all future operas to come. Only a few of Monteverdi's many operas have survived intact to this day, but these show that he was the first composer to demand and use a complete and varied orchestra instead of merely a clavier reinforced by a few lutes and viols. Called by contemporaries the inventor of "a new and most admirable manner of composition for instruments and voices" and acclaimed as the "finest composer in the world," Monteverdi's influence quickly spread throughout Europe and England.

GUSSIE ROWLETT DIED THURSDAY MORNING

(From the Daily)

Miss Gussie Rowlett, 79, widely known resident here and religious worker, died in Newton Memorial Hospital at 6 a. m. Thursday, January 13.

Funeral services will be held at the Chapel of the Marek-Burns Funeral Home at 10 a. m. Friday, January 14 by Rev. C. W. Sanders, former pastor of First Baptist Church here. Interment will be made in Rockdale.

Miss Rowlett, long in ill health, sustained a broken hip and injured shoulder two weeks ago at her home.

Surviving are one sister, Mrs. Amelia Sanders of Dallas, an uncle Dr. Thomas Baxter of Chilton and a cousin Dr. Moon of Temple.

An extended account of her active life will be published Friday.

The day is never too long to the man who has work to do and enjoys doing it.

Those who repeat everything they hear do so because they haven't any place to keep it.

So many people need sympathy nowadays that you shouldn't waste any on yourself.

To set a woman's heart to humming, say her new fall hat's becoming.

If it's true that only two per cent of the people in the United States are morons, they sure do get around.

Mr. and Mrs. B. F. Bonds spent Sunday in Rockdale visiting relatives.

Mr. and Mrs. Bill Davidson of Hanover were Cameron visitors one day this week.

NEW Hudson

The only car you step down into

Come in, drive the New Hudson with Drive-Master Transmission** — no clutch pushing or gear shifting in forward speeds — all-new, high-compression Super-Six, or masterful Super-Eight engine — Super-Cushion tires — and more than 20 other important features!

HORSTMANN BROTHERS

PHONE 550

CAMERON, TEXAS

BETTER design: Because the "step-down" principle is so basically right, it enables Hudson to achieve pleasing proportions and symmetric, free-flowing lines.

BETTER performance: Hudson's all-new, high-compression Super-Six engine—or the masterful Super-Eight, perform at their best because this car is so thoroughly streamlined.

BETTER roadability: With the lowest center of gravity in any American stock car, Hudson really hugs the road, especially on curves. Hudson's Fluid-Cushioned Clutch, Center-Point Steering and Triple-Safe Brakes contribute mightily to a wonderful feeling of assurance.

BETTER value: One look, one ride will quickly tell you that here is an automobile so far ahead it is a protected investment.

NEW STUDEBAKER CARS GREATLY IMPROVED

SOUTH BEND, Ind.—Highlighted by a new interior luxury embodying a strikingly modern treatment of upholstery, appointments and trim, Studebaker's 1949 passenger cars offer a long list of improvements.

The new models currently are being shown to dealers at a series of meetings throughout the country. They will be put on public display by dealers in coming weeks.

According to K. B. Elliott, vice president in charge of sales, Studebaker stylists have added to their postwar accomplishments by producing an interior effect in keeping with design innovations representing the best in modern home decoration.

Elliott pointed out that this sharp departure from conventional design is intended to do it the field of interior styling something comparable, in its modern touch, to the new trend of low, wide, streamlined exteriors that have been so widely acclaimed since Studebaker introduced its revolutionary postwar contours.

The 1949 advancements include the use of new decorator fabrics and trim materials, as well as design. In some models seat backs and cushions are in different and beautifully harmonized patterns, set off by striking two-tone contrasts between the upholstery and the side-walls and headlining.

For example, one upholstery color combination comes in medium gray for the cushions, and in gray and light green stripes for seat backs. These blend with aqua side and head trim. Another combination offers alternating stripes in taupe tones and soft green. With this the color used for side-walls and headlining is taupe.

In Regal Deluxe models the modern touch has been further emphasized by the use of a new alligator leatherette for trimming doors and arm rests and for upholstery piping.

For Studebaker's luxurious Land Cruiser, the stylists have continued the unique long-wearing, soil-resisting nylon fabric, first used for automobile upholstery by Studebaker in 1948, but have adopted a new colorful pattern.

All convertibles have genuine leather cushions and seat backs, with leatherette side-trim.

Instrument panels and window reveals, as well as steering wheels, are colored to blend with the new upholstery.

Rubber foam cushions, standard on Commander series, are now available at extra cost on the Champion.

A wide variety of new exterior colors is available for 1949, including new metallic shades for the convertibles in both Champion and Commander models.

Topping the list of Studebaker chassis changes are refinements

which provide a notable stepping up in performance in both the Commander and Champion engines. The stroke of the Commander engine has been increased from 4 3-8 to 4 3-4 inches, bringing the power output up to 100 brake horsepower at 3400 revolutions per minute as compared to the 94 horsepower at 3600 revolutions per minute obtained theretofore. The increase in Champion performance results from the adoption of a new carburetor and slight changes in the valve lift and the intake manifold.

Also in the case of Champion models, better cooling is provided by a larger radiator, the capacity of which has been increased 10 per cent to 11 quarts. Tire size in the series has been increased to 6.40x15.

The steering wheel on the Champion has been increased to 18 inches in diameter. The Commander Regal Deluxe closed models and convertibles as well as the Land Cruiser have a special deluxe three-spoke wheel. As in the past, the position of the steering wheel can be altered to suit the size of the driver by simply changing the mounting bracket.

Space available for luggage has been increased in all Studebaker models. This has been done by mounting the spare tire and wheel vertically. Six suit cases can be fitted into the trunk without difficulty, and the tire can be removed with little or no disturbance of luggage. Considerable extra space at the right of the tire is available for small packages.

Massive new wrap-around bumpers have been adopted for all 1949 Studebakers. They are heavier, larger than on previous models, and are completely redesigned. Additional frontal protection is provided by new high-type bumperettes, designed to prevent "overriding" in tight parking behind older model automobiles.

The attractive basic design of both Commander and Champion radiator grilles has been enhanced by new chrome accents, and refinements have also been made in the chrome finish of the interior trim. Clear plastic control knobs, set off with jet black inserts with white lettering, complement the chrome of the instrument panel fittings. Above the glove compartment new script lettering in chrome indicates the name of the model—Champion, Commander, or Land Cruiser.

Either front door may be unlocked from the outside with a key, even though the lock has been set by the handle from the inside. Windows can be raised and lowered with greater ease due to a change in gear mechanism. Built into the handle of the parking brake is a new push-button release which eliminates any chance of the brake's being released accidentally.

Windshield wiper action is improved through the use of a more powerful vacuum motor. "Feather edge" blades have been adopted for the ultimate in wiping action.

Heat output in the Studebaker
